President's Report

2 Contests, 2 Parties, and a Nationals Tag Team entry... Happy Days!

G'day everyone. What an eventful month December has already been. Apart from Gunnmatta not delivering its usual punchy, double-up swell factor, we've had our last contest, everything has been just fine.

The month kicked off with the **Jim Beam Surf Tag** and what looked like was going to be a miserable day, the confidence from the competitors and support team made it anything but miserable! **Gonga** has the full write up down the page, but can I just say - what an epic feeling sending Bellarine Football Club and it's coach Gonga on the ferry home with a lots to our name. All the boys put in an awesome effort and I speak for everyone here, we are frothing for Ballina so well done team. Not forgetting the B Team who just missed out on a finals birth!

Following the day of tag, it was presentation time at the clubhouse. The BBQ was on, the free Jim Beam was ice-cold and the lads were frothing. It was great to have Guy from South Aus stay at the clubrooms and they couldn't believe how good we have it here, they said they were the equivalent of a dog kennel compared to us! So don't ever take for granted what we have and all the people who helped make our club what it is today, we are an extremely lucky club. Before the sun was set, the DJ was ready to roll and the crowds started pumping in. We had an epic dance off between the tag and the finals, and crowd was going until the sun was nearly up again. Its great to be able to have nights like we do and it always seems to run so smoothly so cheers to everyone who helped out on the night.

After the hangover and celebrations had stopped, it was back to work for another week here before we knew it, it was the weekend again and time for the **2nd Contest.** It was a bit of a gamble as we made the decision to definitely run the contest after calling it off twice. The banks were average, and the weather wasn't looking too great. Woke up Saturday morning and the first positive was no rain, the second positive was that it was offshore. But the banks let us down. There were some fun waves throughout the day but it really had nothing on our first contest double ups. The weather was great all day until we had big clouds hanging around somewhere over to the west. **Tim and Nathan** decided to keep the contest running up until banks and waves ran out. Which is the correct call in my book, running up just after 3pm from memory and only copping about 5 minutes of the first lot of rain for the afternoon at the best part of the day. Big thanks to the contest crew for making that call when we saw it was going to rain. It's such a big help when there's someone there to hold something, take something to the bar for you or just be a second pair of eyes. Thanks to the world of difference with a few people hanging around. You know who you are, so thanks a lot. And to all the lucky punks that got their boards in the water to hang around and help the club out when we asked for it. Like I said before, **it really doesn't take much to help out.**

Having said that, there were some great heats surfed during the day and a day well done to all winners and runners. Stoked to see **Ryan** and **Matilda** take out the Open and Girls finals.

Next event on our schedule is the Single Fin contest on Australia day which falls on a **Thursday next year**. We are aiming to make the day a big one for the club, with possible media attention and a definite after party at the clubhouse. Stay tuned for the flyer/posters around and on the website ASAP!

The next contest is scheduled for Sunday 12th February. The reason it is happening on a Sunday is every weekend of February is taken by Surfing Vic and the 11th (Saturday), is the **Volcom Contest.** So good news is the weekend in for a full house contest weekend!

Anyway, enough from me. I wish you all a very Merry Christmas and a safe and happy New Year. Let's hope Gunna wakes up for the last month of the year, and the Portsea Pub Beer Garden is full of glamours and Santa is generous to you all. Catch you all in the New Year, happy festive season! **Let the good times roll...**

Ryan

CONTEST DIRECTOR'S REPORT

Contest 2 - A Day For All conditions and New Winners!!

After a couple of stormy induced delays we finally ran the **2nd club comp** for the 2011/2012 contest year.

Conditions started almost perfectly - 3 to 4 foot, straight offshore, partly sunny - just unfortunately the banks were not good!!!

With looming storms and onshores in the afternoon we chose first carpark due to the availability to 2 to 3 banks to get the contest done in record time.

Unfortunately conditions deteriorated substantially after the open final with the strong crosshore winds and rain. It was clearly going to be testing and was interesting to see who could survive it. **Gareth Hallam** who had been a regular in the finals all day took the win in his first open final with some aggressive vertical surfing and good wave selection. Josh has been due for a good result and it was great to see him take out the open final with his big second second for the year with some aggressive backhand floaters and snaps while **Angus Forrest** and **Cam Dodds** could not find the open face and respectively had turns and spins to come in third and fourth respectively. In addition to our finalists, other standout surfers for the day included **Adam Morris, Tim Dexter, Lachy MacDonald and Jack Winter.** After two comps for the race to club champion hots up with **Ryan Hallam** and **Josh Hallam** both possible main rivals followed by **Caiden and Josh**.

In the **Women's and Girl's** finals **Matilda McLennan** returning from a successful Aussie titles campaign surfed brilliantly with some strong carving backhands snaps to win both divisions while **Bella Ferrero** continued to show significant improvement to place second in both divisions. **Vee** came in third in the Women's final and **Bella Ford** coming in third in the girls final. The standard of surfing was awesome in the girls with **Ella Morrison Croft**, in the aggressive Jeweson and Will are equal first and closely followed by **Billy**.

The **Under 18** boys showed a lot of determination and it was great to see a number of the biggest close out sets of the day go the head to**Josh James Easton** breaking his leg inspired the boys all caught a couple of waves each with **Sam Cooley** and **Ben Brown** getting better for the experience. **Will Antonie** showed persistence to paddle deepest and with a couple of reels and carves to take out second place. **Jye Pinnell** who finished third and **Charlie Lucas, Ripley Everett and James Easton**. In the aggressive **Will** has a strong lead followed by **Nick and James.**

In **Open Division 2**, which was run twice as **Sam Wise** was not scored in the first running, we have determined the most fair way to allocate results is to average the two heats - example **Sam** who is given his result for the second running, which was the first running plus the first running finals with **Liam Fowler** coming in second overall with a second and fourth and **Sam and Lachy Mason** coming third.

In the other divisions the winners were. **Sam Cronin - Cam Stynes, Masters - Mark Walker, Senior Masters - Peter Watts, Grand Masters - Luke Featherston and Legends - Evan Kingston**

For all contest and aggregate results please see Gonga's website.

Thanks to all that helped to get the comp done in record time to almost beat the storms that hit Gunna mid afternoon - a particular thanks to all the committee as the assistance this year in getting the comps done is massive – it is truely a team effort – **a special mention to Morgan** who puts in an enormous effort in the week leading up to the comp and on the day to make these comps what they are.

The next Comp is to be scheduled for Sunday 12 February to enable us to run a comp in February as all other weekends are taken up and Saturday 11 February is scheduled for the Volcom comp which our club strongly supports and many of our members go in

We wish everyone a merry christmas and happy new year and let's hope the banks improve over the upcoming holiday period and we all get some epic summer back beach double ups and barrells!!!!

Cheers

Tim and Nathan

JIM BEAM TAG TEAM 2011 REPORT

GONGAS WRAP

A big congratulations is in order for the great effort our teams put in this year at our home base. Gonga was at her best with very trying reformmy 3-to-1 5m rights and left at to carpark an out going tide was making it tough for all.

It was inspiring to see the guys training themselves this year a special mention to **Ryan & Lucky** for taking the reins in my absence the passion for a win has not waned.

With team selection based on training and past performances and with so many of our younger members getting their first taste of Rules for a very difficult decision time, which is what we want to keep up with the great surfing guys.

Apologies to all who missed out, don't give up your day will come if you really want it.

Liam Kirby

On to the surfing both teams in the first heats placed second. Team A 59.89 points behind Phillip Island 78.69 and Team B 56.12 behind Torquay A 76.66 the guys were looking good but we needed to step up.

Semi1 Peninsula A up against Torquay A & 3 bank packing 2nd again behind torquay A 77.8 to 68.11 great performance in this round by all, momentum was building we were going well.

Semi 2 Peninsula B up against Phillip island & South Coast unfortunately for the boys after a solid round 1 effort the wheels fell off and they placed 3rd knocking out B team out, it was now up to the A team to fly the flag for PSC.

The final placed our A team against Torquay A, Phillip Island and South Coast ,all strong teams but we were up to the challange.

Caiden Fowler

We were up and running with **Caiden** producing two rides in the excellent range scoring a total of 17.37 a strong performance. **Hayden** followed with a hard fought 12.5 then **Jolly** with great surfing producing 19.15 **Lachy** backed this up with a solid 16.8 but time was running out with 5 mins to go **Anthony** was under pressure but did manage a 6.88 and 3 bonus points to get us through the gate 2nd with 30secs to go, a tough job being the anchor man.

Overall an outstanding effort by all placing a credible second to Phillip Island 90.53 to Peninsula A 75.8 South Coast 74.49 & Torquay A 53.47.

Fantastic result guys, we are not far off the mark tighten up our timing and wave selection and the A team will be there to fly the flag for the growth grom army.

Placing second has entitled PSC to compete at the **Jim Beam Nationals in Ballina this coming Feb 2012.** Its been a long time since we have had this opportunity 11 February is scheduled for the Volcom comp which our club strongly supports and many of our members go in

GO PSC

Thanks to all who surfed and supported on the day well done.

Merry Xmas & Happy New Year to all.

Gonga

WOMEN'S REPORT

The season has truely kicked off and it has been fantastic to see an injection of new Girls and "Women" competing at our PSC comps. The first comp saw 8 girls in the Women's and 5 in the Girls. Our numbers were a little lower for the second comp which was hosted by Mel and Piper scooting off to PNG to surf in warmer waters. We are still however dedicated to increasing the number of female members as well as those competing. Please, please, please encourage girls who surf to join and have a go at competing. **Girls, email me on juliaash@bigpond.net.au**

The girls have been having fun over the last few months.

Firstly, we need to acknowledge that one of our greatest female surfers has headed north to Corona Head in search of warmer weather, warmer water and more opportunities. **Georgia Fish** has been an amazing surfer to watch over the years and has even given many of the male surfers a run for their money. We sadly miss her and her massive snaps but know she will be back to visit and catch up with us all.

Matilda Mclellan has just recently come back from the Australian Junior Titles in Coff's Harbour. She did incredibly well, reaching the quarter finals for the individual and the semi finals for the All Stars where the was teamed up with Philipp Island star **Nikki Van Dyke.** An amazing effort!

And who could not notice, the next improvement of **Tabby Vockler.** She is a natural sports woman, that combined with her dedication makes her one to watch.

Also **Vee** has become a great competitor in our female surfing. She is committed. And now she is starting the skills of shaping boards for Point Leo's **Trigger Bros**, so who know where we will go.

We have also lots of quiet achievers who are in there having a go and having fun such as **Bella, Alex, Erica and Mel. Watch their surfing improve.**

Loving your work girls.

Julia

Putting smiles on surfers' faces
